## Frameless-Design

With the introduction of a new generation optical bonding technology, SmartTech TV frames can be made slimmer. It allows a larger display area while maintaining a neat and contemporary design.

- Wider viewing angles up to 178 degrees
- Immersive viewing experience
- 1mm ultra-slim bezels

## Ultra-thin

SmartTech TV offers you less than 8mm thickness with our new generation DLED technology. It brings to your house a complete new level of elegance and minimalism.

## Elegant central U base

Stands safely on a smaller TV shelf, or flexibility places at any corners in the house.

## Wall-mountable design

Mount it on the wall to perfectly blend in the interior design.

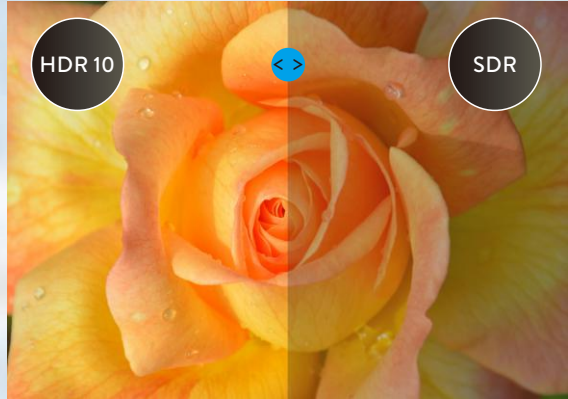

## 4K Ultra High Definition

Full screen HD display for crisp and realistic images

## HDR 10

With HDR 10 picture decoding technology, SmartTech TV brings you enhanced brightness level, higher contrast and more vivid image quality so you can immerse yourself into the content on the TV.

## HLG

### (Hybrid Log-Gamma)

Provides better compatibility to display better picture quality regardless of the source. It enhances the brightness, sharpness, and color gamut .

## H.265 HEVC

H.265 High Efficiency Video Coding (HEVC) is an advanced video compressions standard, which offers much better picture quality in the same bit rate when compared to regular H.264 standard.

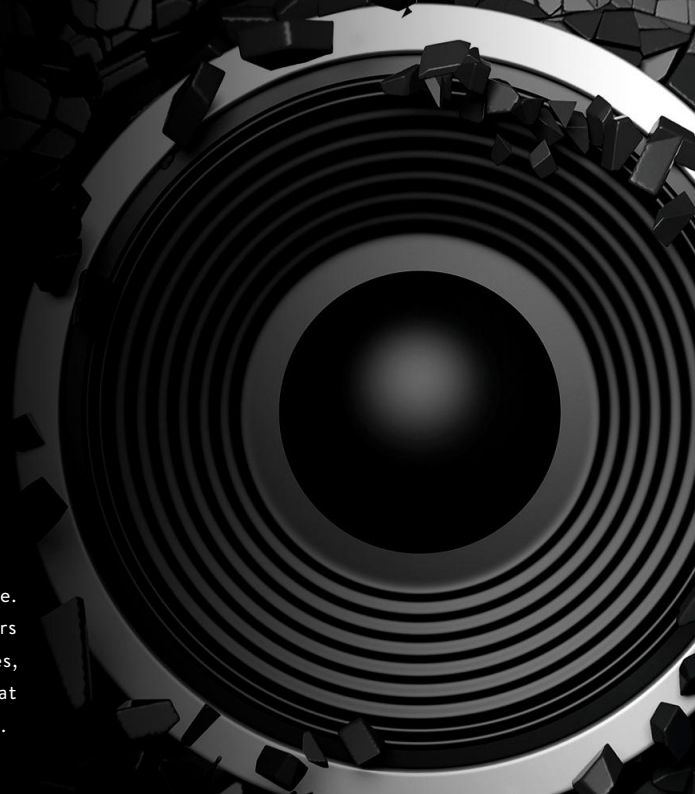

## **Dolby** AUDIO

Amazing sound with Dolby Audio technology. With this technology the TV provides crystal clarity, easy-to-hear dialogue, greater detail, and realistic surround sound to make the entertainment you love even better.

### **Cuboid Speakers**

Providing cinematic viewing experience. The new speakers adopted larger drivers that elevate multiple audio experiences, including stronger bass and echo that could amplify your acoustic immersion.

Powerful Processor
