CHOOSE YOUR STYLE

The MasterBox E300L combines practicality with an accent of style. Able to support high end graphics cards (363mm), Micro-ATX, and Mini-ITX motherboards, the E300L also has generous room for easy assembly.

The front panel keeps ventilation subtle while the side panel offers additional cooling support. Stand out from the rest with a color accent.

With a compact and sensible design, the E300L is a cost effective chassis for your computing needs.

FEATURES

Brushed Front Panel: The brushed texture of the front panel adds an elegant element to your workstation or office.

Colored trim: Stand out from the rest with a nice color accent.

Security Lock Anchor: Security lock protects your system by positioning the anchor directly onto the chassis.

Side Panel with Air vent: Allows for additional airflow for cooling support.
